International Islamic University Islamabad
CGPA: 3.79

EMPLOYMENT

Full Stack Engineer   May 2024 - Present
Upstart Commerce, Islamabad
Responsibilities:
- Delivered customized demos using the NoChannel Portal and **RESTful APIs**, tailored to client needs.
- Developed front-end solutions using **Angular**, **Next.js**, and other **JavaScript frameworks** with proficiency in **HTML**, **CSS**, **JavaScript**, and **TypeScript**.
- Automated data ingestion with **Node.js** and **Python** through **web scraping** and backend systems.
- Built and integrated **REST APIs** and third-party APIs, utilizing **Node.js**, **Express**, and databases like **MongoDB** and **Cassandra**.
- Managed full-stack development, using **Docker** and **Kubernetes** for containerized deployments.
- Created demo slide decks, pitches, and tailored data sets while collaborating with stakeholders.

Certifications:
- **Docker**, **Kubernetes**, **NgRx**, **Cassandra** – expanding full-stack development expertise.

Frontend Angular Developer   Feb 2023 - Aug 2024
Envysol, Islamabad
Responsibilities: Served as the lead Angular front-end developer for ASM Tax Office's IT Support Team, delivering technology solutions and ensuring efficient IT assistance across the organization.
Achievements:
- Led the design and development of dynamic UIs using Angular and Angular Material for modern, responsive interfaces.
- Utilized HTML, CSS, and Bootstrap to create cross-device, accessible web designs.
- Implemented RxJS for asynchronous operations, improving application performance and handling state management across multiple projects.
- Developed modular, scalable code using Angular Services, enhancing code reusability.
- Collaborated on customized solutions using Angular Forms for robust data processing.

Key Contributions:
- Delivered innovative technology solutions, addressing IT challenges and optimizing processes for ASM Tax Office.

Angular/ Flutter Developer   Apr 2022 - Jan 2023
Z-Axis, Islamabad

Responsibilities: Led Angular front-end development and AI chatbot integration for enhanced user interfaces. Spearheaded cross-platform Flutter mobile application development for Android and iOS, improving development efficiency in a low-code environment. Developed immersive Augmented Reality (AR) features and customized Syncfusion calendar in Angular.

Achievements:
- Delivered high-performance Flutter mobile apps with seamless API integration for Android and iOS.
- Optimized user experience through advanced AR and AI-powered chatbot technologies.
- Streamlined front-end and mobile app functionality using modern frameworks and best practices.

Key Contributions:
- Led successful mobile application deployment, driving user engagement with innovative features.
- Demonstrated expertise in front-end and mobile application development with Angular and Flutter, ensuring efficient project delivery.
